Edward P. Davis

or just plain "Ed" has always lived in Charlestown, in the family home on Elm Street

Ed graduated from Charlestown High School with the Class of 1925. He served in the Army during WW II in a Medical Unit in Europe. There is no doubt that Ed is one of our favorite citizens. He is a very young 81 year old.

Ed is well known for his Hoyt collection and many other works of art, including his shillelagh's.

The Town is a much better place to live in because we have Mr. Edward P. Davis to meet and greet us in his very special way.

For all of this, the Town salutes and thanks you Ed.

By Ballot.

Article 3:

To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money.

Article 4:

To see if the Town will vote to authorize the Selectmen to sell at public sale real estate acquired by Tax Collector's Deed, after notice of the Selectmen's intent to sell said property be posted one (1) month in advance and published in two (2) local daily newspapers.

Article 5:

To see if the Town will vote to authorize the Selectmen to borrow on the credit of the Town such sums of money as may be necessary to meet current expenses in anticipation of taxes.

Article 6:

"Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes."

By Petition.

Article 7:

"Shall we adopt the provisions of RSA 72:1-c which authorize any town or city to elect not to assess, levy and collect a resident tax?"

Approved by Finance Committee.

Article 8:

To hear the reports of agents, auditors, committees and officers chosen and pass any vote relating thereto.

Article 9:

To consider the budget. To raise and appropriate such sums of money as may be deemed necessary for general town operations.

Article 10:

TOWN MEETING
CHARLESTOWN, NEW HAMPSHIRE
MARCH 10, 1987

To the Inhabitants of the Town of Charlestown, in the County of Sullivan in said State, qualified to vote in town affairs.

You are hereby notified to meet at the Charlestown Elementary School Gymnasium in said Charlestown on Tuesday, the tenth day of March next, at 10:00 in the forenoon until the beginning of the business session at 7:00 p.m. to act upon the following subjects:

The Meeting was called to order at exactly 10:00 a.m. by the Assistant Moderator, Patricia J. Royce, followed by the reading of the Warrant in full. At the completion of the reading, she announced that the Absentee Ballots would be cast at 4:00 p.m. The Polls were declared open at 10:10 a.m. for Balloting on Articles 1, 2, and 3: and the ballot for the School Moderator for one year, and Member of the School Board for three years for the Fall Mountain Regional School District.

Charles L. Child, Moderator, cast the Absentee Ballots, starting at 4:00 p.m. and ending at 4:22 p.m.

The Moderator closed the polls at 7:00 p.m. and at 7:12 p.m. announced that the meeting would come to order. He further stated that Articles 11 and 13 would be voted on by ballot - requested by petition. This was followed by his announcement of the procedure to be followed during the Meeting, which reads as follows:

1. Members of the audience not registered to vote - please sit on the back bleachers. Voters please take a seat on the main floor. Any voter wishing to challenge another voter, please speak to one of the tellers or to the assistant moderator, Pat Royce.
2. After voting is completed and the polls are declared closed, I have appointed an assistant moderator, Dona A. Mates, in charge of counting ballots, with the ballot clerks, and one supervisor to count on stage. When a ballot vote is required, I will call the ballot clerks and supervisor back to the floor to accomplish that task.
3. If this meeting should recess to another evening, no action on articles already acted upon will be considered on the succeeding evening.
4. All motions on articles will be made in writing. The Moderator will recognize only a positive statement motion so that a yes vote will be in favor, and a no vote against the idea expressed in the motion.
5. Persons wishing to have a ballot vote should request that in writing, with five or more signatures of registered voters, at the beginning of the meeting to the Assistant Moderator.

6. All persons wishing a chance to speak to a motion will please sign up in advance of the article or articles by either -

- a. Speaking to the Assistant Moderator in charge, or
- b. Writing your name and article(s) you wish to speak to on a slip of paper and giving it to one of the six tellers who will in turn give it to the Assistant Moderator to prepare for me. The tellers have slips of paper for this use. Please sign up for those specific articles you plan to speak to.

After the people who have signed up speak (and you may choose not to speak even if you have signed up), the floor will then be opened for further discussion. Six clerks will hand out papers for any people wishing to speak to any Articles.

The Moderator will, however, recognize at this time a motion to call for the question and a 2/3 vote at that time will stop debate and bring a vote on the main motion.

A further suggestion was made by the Moderator that each speaker speak clearly, concisely, and try to keep their speaking to a minimum, although there would be no time limit set.

A motion was made by Patricia M. Ahern which read as follows:

"I respectfully move that the supervisors of the checklist act as vote tellers and counters for all articles and for division of the house and all ballot articles that come up for vote at this and all ensuing town meetings and that all votes taken by ballot either on the official town ballot or on the individual written ballots of the various articles so voted at the meetings be kept after counting and turned into the town clerk for official record and held for thirty days at the Clerk's office in the event that anyone should question a vote or wish to examine the vote. Vote need not be by checklist unless formally requested on the floor or required by official printed ballot. This is simply a very easy and concise way to keep a clear record of the vote of what officially takes place at the meeting and gives an official record of such for all concerned."

Motion seconded. Motion defeated by a voice vote.

Note:

Heaviest client count months were June and October. Total number of clients for 1987 was 129, many seen more than once. All bills for some clients may not be in as yet, due to extenuating circumstances and continuing care through other agencies.

Clients that were able to, have begun to pay back what was borrowed and this amount was larger this year. Many have stabilized and held on to jobs.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen:

We have examined the general purpose financial statements of the Town of Charlestown, New Hampshire and the combining fund financial statements of the Town as of and for the year ended December 31, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Charlestown, New Hampshire, at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining fund financial statements referred to above present fairly the financial position of each of the funds of the Town of Charlestown, New Hampshire, at December 31, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Charlestown, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose and combining fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds taken as a whole.

AUDITOR'S REPORT ON COMPLIANCE

To The Members of the Board of Selectmen:

We have examined the general purpose financial statements of the Town of Charlestown, New Hampshire for the year ended December 31, 1986, and have issued our report thereon dated April 6, 1987. Our examination was made in accordance with generally accepted auditing standards; the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U. S. General Accounting Office; the Single Audit Act of 1984; and the provisions of OMB Circular A-128, Audits of State and Local Governments, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of the Town of Charlestown, New Hampshire is responsible for the Town's compliance with laws and regulations. In connection with the examination referred to above, we selected and tested transactions and records from non-major federal financial assistance programs to determine the Town's compliance with laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures.

The results of our tests indicate that for the transactions and records tested the Town of Charlestown, New Hampshire complied with the laws and regulations referred to above. Our testing was more limited than would be necessary to express an opinion on whether the Town of Charlestown, New Hampshire administered those programs in compliance in all material respects with laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures; however, with respect to the transactions that were not tested by us, nothing came to our attention to indicate that the Town of Charlestown, New Hampshire had violated laws and regulations.

We began 1987 by having Jean Johnson, a consultant at the NH State Library, come and advise us on weeding our non-fiction collection. Outdated material, duplicate copies and textbooks were removed from the shelves to make room for current materials. This weeding was also a necessary first step in the process of preparing the collection for computerized circulation.

With the arrival of the Apple IIe, hard disk, and printer we began the process of putting all our patrons into the computer. This allowed us to update our patron file with current street addresses, mailing addresses, and telephone numbers. It also allowed us to discard all inactive patrons. We were pleased to find we have 1200 patrons who are currently actively borrowing from the Library. That figures out to approximately one quarter of the Town's population, a figure we can be proud of.

There were problems, as there always are when switching from one system to another, and at times I thought we couldn't possibly be ready by our target date, January 4, 1988, but gradually things came together and the end of 1987 saw us ready to enter the computer age.

In 1987 we offered a program about Cheshire and Sullivan counties in the 1930's, we broadened the children's summer reading program to include more activities, and we added a fall pre-school story hour.

This year the friends of the Library helped us by hosting the end of summer party. They worked hard to organize, promote and staff our annual October book and bake sale. Their hard work made it a great success. They also donated funds to the Library for purchasing more large print books and books for our young adults. My thanks to them and to the many people who help us with donations of books and magazines. Your generosity is greatly appreciated.

Holly Shaw, Librarian

REPORT OF THE TRUSTEES OF SILSBY FREE LIBRARY

Many changes have been made in our Library this past year. In 1986 the State Legislature amended RSA 202-A, which mandated that any Public Library owning funds in a Trust shall report to the Attorney General annually. The law states that all income from any Trust must be turned over to the Library Trustees by the Trustees of Trust Funds and be expended in the current year.

In the past few years, a portion of the income from the Trust Fund was turned over, and the remaining income was left in the Trust Account. In 1986 the accumulated income was turned over to the Library Trustees. Recommendations from the State Library that computers were an advantage in many processes in library use; therefore, with no funds or appropriations from the Town a computer was purchased, and is now in use.

The State Library requires that all Libraries display a Library sign and hours posted, this sign has been installed on the front lawn.

The Trustees of the Library feel that our Library is in excellent shape, and well equipped with a duplicator for public use, micro-film and micro-fiche machines, computer, and an increase in our book selection.

We wish to thank all organizations and individuals for their assistance and to the Library staff for a job well done.

Respectfully submitted
Isabel T. Palmer, Chairman
Board of Trustees

PLANNING BOARD REPORT

We have had many site plans and a few minor subdivisions this past year, all of which were handled as smoothly as possible. We have had a few subdivisions in the past that were turned down on the ground that they were a "premature subdivision, which is a term that allows the Planning Board to deny a subdivision, if it would cause the Town excessive expenditures of public funds. One of the prime expenditures would be the upgrading of Town roads to handle the increased flow caused by these projects. The Board feels that if we had figures available to upgrade these roads these costs would be passed on to the developer as a condition of approval.

In the Town Warrant this year is an Article seeking \$ 3,000.00 to study the roads in Town, particularly the "back" roads and obtain a figure to update these roads.

The Board also spent a lot of time this year on the Capital Improvements Plan. This is a 5-year projection of capital costs coming up in Town. The plan is in the early stages but should be looked at and expanded on in the future.

We have had a good year on the Planning Board and I would urge all residents in Town to attend our meetings and get involved in the growth of Charlestown. We meet the first and third Tuesday of each month and always welcome public opinion.

CONSERVATION COMMISSION REPORT

This year the Trust for New Hampshire Lands has been a focal point for all conservation commissions in New Hampshire. The purpose of the Trust is to preserve and protect our prime natural resources; good farm land, watersheds which protect our water supplies, wildlife habitats and our lakes, rivers and sea shore. Its purpose is not to stop development but rather guide it to areas which are most appropriate for development while protecting our natural resources, which once destroyed, cannot be replaced.

The preferred way of doing this is through voluntary easements and the purchase of developmental rights which leaves the owner free to use the land for farming and forest management, and when appropriate, compensates the owner for any loss in value. Any landowner interested in protecting his land for future generations should contact the Upper Valley Community Land Trust (314 First NH Bank Building, Lebanon, NH 03766, Tel. 448-1680). They can give more information on the ways to ensure this goal.

A continuing concern is the number of old and often abandoned underground storage tanks in Charlestown. There are also many homes that depend on wells for drinking water. Even small amounts of fuel oil or gasoline in drinking water can cause health problems. Anyone wishing to remove a tank should contact the Selectmen's Office for correct procedures for removal.

A program of recycling at our Transfer Station is a priority for Charlestown. It will not only cut the costs of having our trash hauled away but it will help save raw materials. Glass, metals and newspaper make up a large percentage of our waste. They are all valuable materials which can be used over and over again. We urge you to support recycling in Charlestown.

Our Green-Up Day program, as always, points out the need to recycle. We thank all the young people of 4-H, Little League, and Scouting who helped again this year to clean up our roadsides. We also thank the Garden Club, Women's Club, Grange and Rotary for supplying lunch and the pick-up trucks.

Each year we review Dredge and Fill applications and wish to remind persons dredging and/or filling in wetlands or near bodies of water that they must have a state permit. Applications are available at the Town Clerk's Office.

New Hampshire's greatest assets are its land and water. Let us all treat them with respect and care.

RECREATION COMMITTEE REPORT

Charlestown was fortunate to have very dedicated people on the Recreation Committee this year because there were only three of them. They still maintained all the programs that had been started before and even expanded some of them.

The Forth Annual Winter Carnival was a success with more involvement than ever before. Unfortunately the warm weather melted the ice for Broom Hockey and Skating.

Summer Fest was attempted this year but it seems that there is already plenty to do in the summer and this event did not go over so big. Band Concerts were held throughout the summer. A Soccer Camp was offered for children of all ages at Patch Park during August. 34 participated.

Pee Wee soccer had the best results ever. The turnout for the different age groups was great. Even with three soccer fields in Charlestown it seemed as if they were always filled.

The pool was very busy this summer because of the hot weather. Swimming lessons went on as usual. The Swim Team also had a very successful year.

Other programs were Men's Basketball, Drop-in Basketball, Drop-in Volleyball, Pee Wee Basketball, Little League Baseball, Babe Ruth and Senior Babe Ruth Baseball.

The Charlestown Facilities are in very good condition and are offering enough for most age groups. If anyone has any ideas for improving recreation in Charlestown, they should run for the Recreation Committee. It is amazing how a good idea can be put into service with a little work.

I would like to thank the Recreation Committee - Bonnie Boivin, Bill Smith and Mike White for their dedication this year.

Swimming Pool

This summer noticeable improvements were made around the swimming pool, which kept the pool considerably warmer. It created an extremely pleasant place to watch a swim meet. All of the work, over \$ 4,000. worth, was donated by St. Pierre Inc. Mrs Snow gave permission to cut some trees on her land and reshape the bank to contour the land around the pool. A very special thank you for her community spirit.

Patch Park

The Bandshell was constructed in 1987, although it is not completed. This facility, served with water and sewer, has bathroom facilities, concession stand and storage space underneath the bandshell.

Donations by many area people and businesses made this project happen. The community raised over \$ 16,000.00, much of it from work done on the project. The Federal Government paid \$ 15,000.00 in matching funds toward the construction.

Patch Park now has a Little League Field, Babe Ruth Field, Picnic Area, Skating Rink, Soccer Fields and Bandshell. During the past 6 years, all of the construction has been taking place without any taxpayer money. It is true COMMUNITY SPIRIT that has built this park.

I would like to take this time to thank the many businesses, clubs, and individuals that have donated toward this wonderful Park, which is used by old and young equally.

Respectfully submitted,
Victor St. Pierre

Report of the Health Officer

1987 was a very busy year. Complaints were received from the Selectmen's Office and at my home regarding public health. Most complaints were corrected or worked on. I made routine inspections at residences where the owners have applied for Foster Care and Day Care Center licenses.

If anyone would like information about Public Health, call the Town office or my home.

I would like to thank Mrs. Gray and our three Selectmen, Cedric Fisk, John Starr and Robert Stone, for all the help and support they have given me for the past year.

Respectfully Yours,
Gaston V. Tanguay
